A single female who's indulging in the darkness...

HA
A

Have you heard of Tree Oak?

It's usually called Ent or Trent

It appears in fantasy stories with a face of a human, no?

Special Feature 3---

Special Feature 1. I look the same as any human

Special Feature 2. My body is of a plant, so I can re-generate

I'm their descendant, Kibayashi Rento

In other words, wounds like this are nothing

My missing hand will regrow but to be safe I should find my missing hand...

I would've died if I wasn't a Tree Oak

Who would've thought that after saving a cat from up a tree, I fell down and the crows took away with one of my hand...

People like me who hide their identities while living with humans are called "Personification"

Of course, there're others out there like me too

It's not like there's discriminations. There's also schools just for us Personifications

I attend this school because it's close to my home, and there's another personification in this school too, or so I heard

Well... it's bad if I'm found out anyway

I think the crows dropped my hand around this area...

Ah, found it

Ah...
this is...
um...

.....

じっ

I'm sorry!!!

Trait 1.
Vegetarian

Trait 2.
She often bites her nails

Trait 3.
She's my unre-quited love

I'm being watch...

Her name is Kurashina Saya

My class-mate

Ahhh!

Umm... Kurashi-na...

About earlier...

Please let me---

Explain!!

Please listen to me!

Of course it's gross huh...

To see my hand already healed...

She completely avoids me...

Geez, for a normal human to find out your secret. It proves that you lack discipline!

I see... so your cover is blown huh...

Father. Kibayashi Renzou (Tree Oak)

Why does no one find him suspicio at all..

I... still want to continue attending this schoo

I beg of you, mom! Dad!

B-But...

Mother, prepare to move house and change school

Mother. Kibayashi Sachi (Human)

P-Please wait a moment!

.....

Must be a girl...

A girl huh...

...Try not to tree it too hard

You don't have to push yourself to say it...

Dad...

To keep your secret. I'll let this case slide...

...Fine. If you can persuade the person who saw you

Hey

The next day

I have some small business that's all

Do you know of anyone's contact number?

What's with that face Ki-bayashi

Did you fall in love or what?

...It's not that...

That's true but...

Childhood friend. Nanto Kako (Human)

But unfortunately, no one in this class knows of Kurashina's contact number

Of course, that includes her SNS account

Seriously?!

That's rare! For a plant like you to ask that comparing to the other lustful guys is...

Huh? They call me that?

I have something to talk to you about. Please come behind the back of the school yard.

R.k.

In the end, it's come to this huh

If it's like this...!

Well...

I'll go kill some time before it---

!

I used every ounce of brain juice left in me and this is the result...

はぁ…

I never thought you'd be the one who'd call me out here...

Kurashina

Umm... about yesterda-

Please don't tell anyone else about yesterday's incident!

ｶﾁｬ

Huh?

The thing that happened yesterday... It's by no means a weird habit...

It's just one's nature...

I didn't meant to chew on your hand like that ye-...

Some-thing like that?

!!!

But please don't misunder-stand

I'm a vegetarian, I've never ate a human before...

But lately for some reason I feel like chomping onto human meat...

I'm a ghoul

I'm not a pervert

It's no laughing matter!

No, it certainly is a laughing matter

Ahaha haha!

!?

!!!

Because, I'm a Tree Oak

...What's a Tree Oak?

She didn't realized?!

Ah...

--And that's it

Look, the arm that was torn has already regenerated...

I...I...

What's with Kurashina...

That you were the one who saw me...

I'm relieved

She's extremely cute, isn't she!

I'm glad it work out...

My parents told me I have to transfer school if I can't persuade you

Ahaha, it's the same for me too

Hey, tell me your contact number Kibayashi-kun!

Eh?

That you're a trustworthy person

I need to tell my parents

A... A...

Awesome!!!!

From that day onwards our weird little relation-ship began

今日

Lately my nails are growing longer everyday (っд⊂) I have to trim it everyday (。>д<。)

Ghouls have it tough huh! If I were you, I'd use sandpaper and sand it down (Lol)

Although we're of different species

We share the same secret

We talk to each other from the smallest of topics to our worries

But... there's something I can't tell her---

I want to eat you...

Rento-kun...

I can't hold it in any-more...

Saya-cha?!

Don't worry... It won't hurt...

THANKS FOR THE MEAL

That dream again...

Pod

Pod

Ahhh ?!

Pet Dog.
Aibo (Shibainu)

Does Kurashina interests you that much?

Lately, you're on good terms with Kurashina

Don't tell me you guys are dating?

I didn't ask you about that...

!?

I...I'm not thinking of anything lewd!

Be careful or someone might snatch her away

But are you fine as it is? Kurashina is famous you know

Kurashina and I aren't like that...

Hmm... then it's fine

Fufufu... you don't have to worry about that...

Don't tell me you're blackmailing Kurashina to do this and that...

Of course not!!

Because I know of Kurashina's secret that no one knows about

!?

What happen?

Kyaaa!!

I-I'm sorry!

My nail scratched her...

That's impossible! To cause something like this...

Anyway, let's bring her to the infirmary!

だっ

だっ

Oh no... this is my fault...

Even though I trimmed it this morning...

Saya-chan?!

The next day, she didn't come to school either---

She went home early that day

Sigh...

How are you?

The girl who got hurt wasn't injured that badly. It won't leave any scars either.

In fact everyone's worried about you. Hurry up and come back to school.

I'll see you at school then.

Lately, my nails are growing longer everyday (>д<)
I have to trim it everyday (;>д<)

Ghouls have it tough huh!
If I were you, I'd use sandpaper and sand it down.

Have you ever thought what if you were not a Personification?

Hey

Ahaha

I would probably have died hundred of times if I didn't have this body

Me? Hmm...

I... would probably not have been a vegetarian

What about you?

Me?

What I can do right now...

Am I an idiot or what... to ask her something like that. I'm so irresponsible!

I see... your body has started changing

When that happens, just release your stress out like a bang

Mom used to have changes in her body when I was young too

No matter how many cycles of breeding we go through, sometimes we can't escape the nature in our blood when we're young

Then... what did you do when that happened to you mom?

Mmmm, me?

Saya's mother.
Kurashina Setsura
(Ghoul)

Setsura (16)

Before I confessed to your father, I used his picture and plaster it on a figure and bite on it

It's because your father is a human, so

Nooooo! I don't want to hear how my mom masturbate!!!!

That boy is a Tree oak right? You like him, no?

Then it's easy

You should tell him this

?

Please let me eat you♥

Geez Saya, you're such a chicken

No, no, that's impossible for me!!

But I can't keep running away from my urge...nothing will change

I know already...

So, good luck ♥

By the way, mom and dad will be returning home late♪

But... I'm scared that people around me will hate me!

Rento-kun...

Ahh, what am I doing?!

I should go to school tomorrow...

Though I'm at school...

キーン コーン カーン コーン

Is it ok for an honour student to be here while class is in progress?

!

But I'm skipping class...

I wonder what's Rento-kun is doing...

I have some-thing to tell you

もじもじ

u... Umm...

Rento-kun!

I was worried since you didn't reply me

ドキッ

Saya-chan...

I can't say that!

Please let me eat you

You should tell him this

Eh?!

Please eat me

I think that you biting your nail is also a sign of it...

•Irritared
•Frustrated
•Emotionally unstable

In accordance, your nails and fangs will also have a growth spurt

Ghouls during puberty, they tend to have an urge to prey

While you were absent, I did some research

Then I'll gladly assist you

If eating me, an Oak Tree will help ease your sense of urge

B... But...

-ゴクッ

I've never once thought that being a Tree Oak is a good thing...

If people were to find out about my secret... I won't be able to play with them any more

I think I'll finally be able to say that I'm a good person for once

But if my body can be of use to others

W...What should I do... after he said all those, I'm starting to get hungry...

Right... it's not like I'm doing this so I can see what happens later in my dreams...

Y... Yeah!

Umm!

So...

KURASHINA

Today... my parents will be home late...

I'm Finally here...

KURASHINA

This is...

Saya-chan's room!

Even her indoor clothes are cute!

Thanks for the wait...

ガチャ

!

……

ストン

Y-
Yeah!

Then...
let's...

I-It's a bit embarrass-ing with the lights on...

!

I'm sorry!
I'll turn off the lights right now

IQxIIw

Then... thanks for the food...

Oh shit... turning off the lights makes me feel uncomfortable in another way...!

...Does it hurt?

I-I'm okay...

I'm okay... but...

!!

Somehow... this feelings... is kinda erotic...!!

Ah!

!?

.....

Saya-chan?

Haa

I'm sorry Rento-kun...

Haa

I think my switch has been turn on

Haa

Uuu

I can't think straight...

My mind is getting darker...

This must be what it's like to be a Ghoul...

I can't stop---

I have a body to hold...

But this sense of hunger feels a little different...

The taste too... but even more, this act...

It feels so good!

It's a first for me--
This feeling...
This taste...

It was delicious... Rento-kun...

Ah... umm...

You know, I...

Might be in love with... your taste...

Seri-ously?!

Then...

S-
Speaking
of which...
me too!

Really?!

!?

In the end...
are we
progressing
in our relation-
ship or not,
I don't really
know---
